

## Race-Keeper June 2011 Newsletter

On-board Video Data Systems for Driver Development

### Welcome New Dealers

Go ahead, check out [Speed Secrets](#) in Manalapan, NJ and [Archer Racing](#) in Duluth, MN and [Rudtner's Racing Group](#) in Freeport, NY and [Fast Lap Motorsports](#) near Pittsburgh!

### YOU = Video of the Month

Yes, YOU could star in a Grassroots Video of the Month. Friend us on [Facebook](#) and post your race video to our [YouTube](#) channel. Every month, we review and select - could be you!

### Porsche GT3 Cup

Check out the Porsche Sport Driving School's amazing new [GT3 Cup Experience!](#)

And of course, Race-Keeper is on-board, capturing video and data directly from the Bosch MS3.1 interface.

### Dual Stream Video + HD Export

**FREE UPGRADE.**

For a limited time only - [Dual Stream Video + HD Export](#) is free to current and new customers...

Enter DSHD at checkout!

### 2nd Year with World Challenge

For the second consecutive year, Race-Keeper is the exclusive on-board video data system to SCCA Pro Racing's World Challenge series.

### New Race-Keeper Comparo Release!

We've added some cool and useful features to the current version of Race-Keeper Comparo. As always, [Comparo updates are FREE.](#)

**Open Comparo + Update Now!**

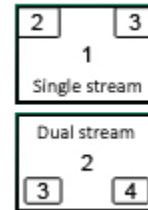

We DOUBLED the available picture-in-picture configurations and added PIP border overlays, we added the display of 0-5V analog sensor channels 4 through 8, and we added Google maps!

**Update your software NOW!** Open Race-Keeper Comparo and follow the instructions.

### More PIPs and Google Maps

You asked for 'em, you got 'em!

We added 8 new PIPs for single stream videos and 4 more PIPs for dual stream configurations. We've also added Google map backgrounds to all course maps.

Open Race-Keeper Comparo and select Configure Race-Keeper Hardware to see all of the new PIP options. You won't help but notice the new course maps with Google backgrounds!

### Grassroots Magazine Video of the Month!

Who better to team with than the market leader? Race-Keeper and Grassroots introduce the Race-Keeper Video of the Month.

Check out the inaugural **Video of the Month** as Mike Skeen makes some hellacious passes at the World Challenge Long Beach Grand Prix.

DO NOT miss any upcoming Video of the Month - make sure to **REGISTER** for FREE at the GRM web site.

---

Check out all of the races on SpeedTV and [World Challenge TV](#) and watch for Race-Keeper's exclusive [Dual Stream Video + HD Export](#).

#### **Comparo 2.0 Update**

The eternal development process continues...Apple Macintosh version coming soon...

#### **Send to a Friend**

Send this email to someone you think may be interested.

---

#### **New Data Products**

We've expanded our data capabilities (again!).

Check out the 3 Analog Sensor Cable, 3 Analog + 2 Digital Sensor Cable, and the Universal 5V Sensor Cable for plugging your own analog sensors.

If you send us your analog sensor, we'll reterminate it and send it back - for no charge.
